A close-up photograph of a vehicle's wheel hub and brake assembly. The hub is a dark, cylindrical metal component with a central mounting point. It is surrounded by a series of circular holes, likely for ventilation or weight reduction. The assembly is mounted on a dark, possibly black, wheel rim. The background is a light, textured surface.

A technical drawing of a shaft with a central break, indicated by a lightning bolt symbol. The shaft has a central section with a keyway and two end sections with flanges. Dimensions are shown with arrows and lines.
